# Turn your business processes into visual checklists for others to complete.

→ **wrkflow**

Do you have this problem?

A new person joins the company and doesn't know all the company's processes yet.

- ✕ Someone needs to guide them
- ✕ The information is scattered
- ✕ There's no way to track their status

What if you could:

Create, store and share all your company's processes with one easy-to-use web app?

- ✓ Just share a link to the process
- ✓ Have everything "just there"
- ✓ Make it visual and see progress

what if
the first day at your workplace went like this... →

Employees visually see the entire onboarding process online from Day 1

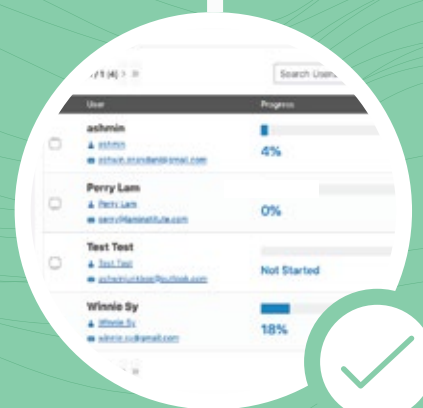

Easy access to the latest links, contacts, files and whatever else they need to be onboarded.

They can check-off tasks as they complete them, or easily **ask for help** along the process.

You can check exactly where each one is and how long each step of the process takes.

think it could be great?

we'll even put your first 3 processes online

↓

✓ Give us a Word doc, PPT or phone call

✓ We'll upload the process for you to check

✓ It's yours from there to duplicate and edit!
